

Cookie Policy and Privacy Notice

(“Privacy Notice”)

As Yolda GMBH (“**Company**”), having the capacity of data controller, we attach importance to the confidentiality of the personal data we obtain and process within the scope of the website in our possession on the address (“**Website**”).

With this Privacy Notice concerning our Website visitors, we provide you with information regarding the processing of personal data that is being processed and/or obtained during the operation of the Website and due to the fact that cookies are placed by the Website users/visitor, and as the data controller, we would like to inform you in order to fulfill our obligation to Inform about what type of cookies we use on the Website for what purposes and how you can control these cookies.

We use some technologies (“**cookies**”) such as cookies, pixels, gifs in order to improve your experience during your visit to our <https://www.yolda.com/en/> Website. The use of these technologies is carried out in accordance with the legislation we are subject to.

You can find detailed information on the principles of processing your personal data by visiting our [Privacy Notice](#).

1. Collection Method of Your Personal Data and Legal Basis

Your personal data is collected verbally, in writing or electronically, automatically or non-automatically, in order to fulfill our legal obligations in regard to mandatory and necessary essential cookies and analytics cookies, on the grounds of the establishment of the right and legitimate interest, and the targeting advertisement and analysis cookies are collected through the following channels and other channels that can be added to them in the future, based on your consent.

- **Mandatory Cookies:** These cookies allow you to navigate through the Website and use the features you want, such as accessing secure areas of the Website. Without these cookies, we cannot provide the services that enable the Website to work.
- **Necessary Essential Cookies** Analytical cookies and Functionality cookies: Analytical cookies collect information about how visitors use the Website, for example, which pages they visit most often and whether they receive error messages from web pages, etc. These cookies do not collect information that can identify the visitor. All information these cookies collect is combined, therefore is anonymous. It is only used to improve the operation of a website. Alternatively, these cookies are similar to “technical cookies”, since they are (i) used directly by the Website administrator to collect information in a combined manner; (ii) managed by third parties, using special methods to reduce the cookies' ability to identify users (for example, masking important IP address segments), and used by third parties only to provide services. For example, they use cookie data separately from comparison or enrichment with existing personal data.

YouTube: These cookies store the video player preferences of our visitors watching embedded Youtube videos published within our websites by generating a unique ID number.

- **Analytical Cookies:** We use analytical cookies when you visit our Website in order to analyze the Website and to analyze the reflected performance of the marketing activities of the Website. Your data is collected, and a user profile is created by using an identity cookie from this data on the basis of anonymization through the masking method. Your IP address is either not recorded at all or is anonymized immediately after being recorded as part of it.

Google Analytics: This cookie is used by the Google Analytics service to distinguish pages by assigning a randomly and uniquely generated number as the page identifier. It is included in every page request on the Website and is used to calculate visitor and session data for that page for Website analytics reports.

- **3. Performance, Personalization, Targeting, Advertising, and Marketing Cookies:** The following tools are used for this activity:

Facebook: These cookies enable the collection of information about your use of social media. For example, cookies can be used to create personalized advertisements
